DONUT SCREEN RACKS

Donut Screen Racks

Designed for bakeries and donut operations, these racks support proofing, frying preparation, glazing, and finished product storage. The aluminum construction supports daily use while allowing easy movement throughout the kitchen.

Features:

- All welded aluminum construction
- **Lifetime Warranty Against Rust**
- Rolling Capacity: 800 lbs
- Weight Capacity per Runner: 30 lbs
- Maneuvers easily on (4) polyurethane swivel casters

Benefits:

- Supports multiple stages of donut production, including proofing, staging, glazing, and finished product storage
- Suitable for high volume donut operations that require organized screen storage
- Aluminum construction resists corrosion and supports long term use in foodservice environments
- Welded frame provides consistent support for loaded screens
- Swivel casters allow safe transport of loaded racks throughout the kitchen
- Helps maintain a clean and sanitary workspace by keeping products elevated and organized
