

POLYCARBONATE BOX and STEAM TABLE PAN RACKS | STAINLESS STEEL

Maximize storage space for plastic food boxes and steam table pans with durable vertical racks.

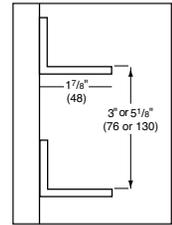

Model #166

Model #180

- Angle ledges specially designed for full and half size polycarbonate and polyethylene food boxes and full size pans in a variety of depths
- Angle style ledges are welded to the uprights to withstand continual use. Tie bars are also welded to the uprights for added integrity.
- Stainless steel construction is ideal for roll-in cooler and freezer applications
- Recessed plate casters for maneuvering in tight spaces (Model 166) or corner stem mount casters for upright stability (Model 180)
- Welded stainless steel is easy to clean and sanitize

Angle Ledge
