ARSRB-72	72" (1829)	30" (762)	12 9/16" (319)	12	180,000	560

- Specify type of gas and altitude if over 2000 feet.
- Please specify gas type when ordering.

COMBUSTIBLE WALL CLEARANCES:

For use only on non-combustible floors. Legs or casters are required, or 2" (51) overhang is required when curb mounted. Clearance from non-combustible walls is 0". When unit is placed next to combustible walls, clearances must exceed 12" (305) from sides, and 4" (102) from rear.

Commercial cooking equipment requires an adequate ventilation system. For additional information, refer to the National Fire Protection Association's standard.

NFPA96 "Vapor Removal from Cooking Equipment."
(NOTE: For North America only)

Subject to change without notice

NMFCCODE: 25970-2 Class 85
