

Job _____ Item No. _____

Star-Max® Gas Fryers

□615FF □630FF

FEATURES

- High performance 15-lb or 30-lb capacity single-pot nickel plated steel kettle with convenient front access drain valve
- High power burners for fast recovery and maximum performance. Specify Natural Gas or Propane service
- High performance in-shot burner design with copper plated kettle fins for even heat distribution and optimal heat transfer
- Snap action thermostat ranges from 200°F to 375°F and provides quick response to temperature change
- Automatic pilot light for quick and easy ignition
- Two chrome plated steel mesh side hanging baskets are standard

OPTIONS & ACCESSORIES

- Twin Basket (Left Hand) - 530TBL
- Twin Basket (Right Hand) - 530TBR
- Full Basket (Left Hand) - 216FBL
- Full Basket (Right Hand) - 216FBR

DESCRIPTION

Star-Max® underfired gas countertop fryers are a perfect addition to your foodservice operation. 15 & 30lb oil capacity options. Easy to operate and clean, Star-Max fryer delivers maximum performance year after year.

SPECIFICATIONS

Fryers are constructed of heavy gauge polished stainless steel. The nickel plated steel kettle features a copper plated bottom and 1/4 turn drain valve. All fryers are equipped with side hanging twin baskets. Fryers are equipped with an adjustable gas thermostat from 200° to 375°, safety valve, pilot control, and high limit safety thermostat. Nickel plated 4" legs with a 1-3/8" adjustment are standard. Available in natural or propane gas. These units are NSF and CSA certified

WARRANTY

These units come with a two [2] year warranty for parts and labor.
