

CHEF-STACK/CONV

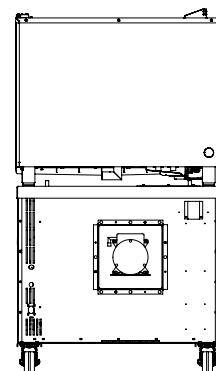

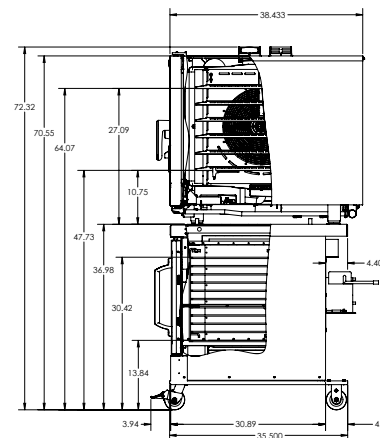

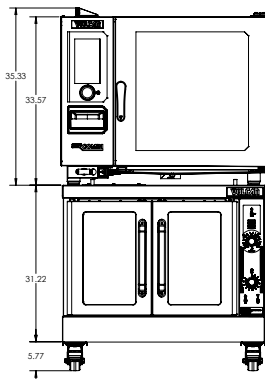

Stacking kit for use with CHEF-61 or 62

CHEF-61 on VC4

CHEF-62 on VC4

MODEL

☐ CHEF-STACK/CONV for CHEF-61 or CHEF-62

The CHEF-STACK/CONV stacking kit is designed to integrate CHEF-61 or CHEF-62 combi ovens with a VC4 convection oven base in stacked configurations. Compatible with both gas and electric units, the kit includes casters and a reinforced convection oven top equipped with integrated pin locators to ensure alignment, mounting, and operational stability for either combi oven size.
