

MetroMax® i

Mobile Polymer Shelving/Stem Caster Carts

Super strong polymer shelving with removable shelf mats. Shelves are constructed of advanced polymers with type 304 stainless steel corners. Shelves and polymer posts offer a lifetime warranty against rust and corrosion. Shelf mats have built-in Microban® antimicrobial product protection. Rigid four-sided shelf frame and robust SS corner with complete 360° capture of the wedge and post ensure stability, strength and structural integrity. Each cart can safely store or transport 900lbs. (408kg). Units assemble easily — Shelves mount on four one-piece wedges along grooved, numbered posts. Shelves adjust on 1" (25mm) increments.

- **Preconfigured Units:** Include shelves, posts, and casters under one easy to order model number.
- **Rust & Corrosion Proof Shelves and Posts:** All-polymer and Type 304 Stainless construction withstands moisture, chemicals, and harsh environments.
- **Forever Guarantee:** Polymer shelves and posts offer a Lifetime Warranty against rust and corrosion.
- **Maximum Strength:** Proven corner connection and rigid four-sided frame with center truss assure stability and strength.
- **Easiest to Clean:** Smooth surfaces easily wipe clean. Shelf mats easily remove from the shelf for cleaning by hand or in a commercial washer / dish machine.
- **Microban® Antimicrobial Product Protection:** Is built into the shelf mats to help fight the growth of stain and odor-causing bacteria, fungi, mold, and mildew to keep product cleaner between cleanings
- **Smooth, Protective Surfaces:** Smooth, flat surfaces protect packaged shelf contents from unwanted rips, tears, or damage.
- **Efficient Use of Space:** Shelves adjust on 1" (25mm) increments along the post to maximize the use of available vertical space.
- **Fast, Easy Assembly:** Shelves are ready to use right out of the box. One-piece wedges securely attach to the posts – Raised beads on the back of each wedge snap into the grooves on the post. Window on wedge aligns with numbers on the post to locate the desired shelf position. Shelf seats into position over the posts and wedges. A unit can be assembled without tools in minutes.
- **Robust Open Grid and Solid Mat Options:** Shelf mats are sturdy and safely support concentrated loads from instrumentation and equipment. Built-in ship's edge helps contain supplies in mobile applications. Open grid mats are sectioned and promote air circulation and light penetration. One-piece solid mats offer maximum spill retention and are ideal to protect items on the bottom shelf from dirt or backsplashes from cleaning.
- **NSF Listed** for all environments.
- **Maximum Versatility:** Complete line of accessories are found on spec sheet 9.25.

MetroMax® i Mobile Polymer Shelving/Stem Caster Carts

Material Specifications:

- **Shelf Mats:** Polypropylene with built-in Microban antimicrobial product protection.
- **Longitudinal Beams:** Pultrusions — continuous glass fibers and thermoset resin composite.
- **End Beams, Adjustable Foot and Socket, Shelf Wedge Connector:** Reinforced nylon.
- **Polymer Posts:** Pultrusions — continuous glass fibers and thermoset resin composite.
- **Post Cap and Center Beam Cap:** High-density polyethylene.
- **Fasteners:** Type 304 stainless steel screws.
- **Bumpers:** Non phthalate vinyl.
- **Continuous Temperature** — MetroMax® i can be used continuously within a range of -20/120° F (-29/49° C).

Mobile Shelving units include shelves, posts, stem casters & bumpers.

- "EGX3" models include open grid shelves and 2 swivel & 2 swivel/brake polyurethane casters with plated horns.
- 5-tier models include a solid bottom tier.
- "EFX3" models have four solid mat shelf tiers and include 2 swivel & 2 swivel/brake polyurethane casters with plated horns.
