Designed Smart

Easy to Merchandise Foods

- APW Wyott Warming Cabinets are ideal for driving impulse sales of a variety of hot foods.
- Clear front and sides allow your customers to easily see sandwiches, burritos or other fresh made foods.
- Light on top of unit illuminates the product, drawing increased attention to the food.
- Attractive dome cover draws attention and can easily be merchandised with add-on “food decals”.
- Two attractive shelves slant forward, presenting food in the best visibility and access.

Keeps Food at Ideal Safe Temperatures

- This display warmer will keep hot foods at a safe holding temperature above 150 degrees for extended periods of time.
- Temperature is consistent throughout the cabinet by means of a circulating fan.
- Unit quickly recovers to “safe temperatures” when doors are open.

Efficient use of Counter Space, Low Energy Use

- APW Wyott Display Warmer Cabinets take up a minimum amount of space on the counter but are designed to hold a significant amount of fresh-made foods.
- Efficient heat system is economical to run.

Easy to Use and Clean

- Rack is easy to remove for cleaning. Stainless steel insides wipe clean with damp cloth
- Unit is lightweight and can be moved to other parts of the store very easily

Options

- Pass thru option – Front & Back doors allow the customer to self-serve from the front and the clerk load from behind the counter.

Reliability backed by APW Wyott Warranty

APW Wyott Display Warmer Cabinets are backed by a 1-year parts and labor warranty, including on-site service calls within 50 miles of authorized service technicians.
