

# HEATER-PROOFER

## NON-INSULATED, ALUMINUM

NEMA 5-15P plug

See website  
for details

## Standard Features, Benefits & Options

**CONSTRUCTION:** Easy cleaning and rugged all welded aluminum channel construction for strength, durability and tidiness. Heavy 5" x 1¼" casters with precision bearing PU wheels for easy maneuverability. The front 2 casters feature breaks to secure cabinets in place. Pan capacity is 36 each, 18" x 26" sheet pans. Corner bumpers help protect the proofer box and other objects.

**CONTROLS:** An exterior control panel with "Proof" mode regulates humidity from 30% to 95% & temperatures up to 115°F. "Heat" mode controls temperatures up to 185° F with an LED display thermometer. A blower fan distributes air evenly throughout the cabinet. NEMA 5-15P plug.

**DOOR:** The door frame is constructed of durable extruded aluminum, powder coated for an attractive matching finish. The clear, field-reversible Lexan door allows for easy visibility, The door lifts off for easy cleaning. Door magnets and gaskets are installed inside the door frame for a snug seal.

**TESTING:** ETL Design & ETL Sanitation (ANSI-NSF4) certified.
