HP ref-Freezer Base with 2 drawers, -22/+8° C - R452A

Short Form Specification

Item No. _____

Ref-freezer base with 2 drawers. Built-in refrigerator compressor unit. Can operate as either refrigerator or freezer over the temperature range of -22°C to 8°C. Exterior panels in stainless steel. To be installed below other 900XP top units. Delivered with 50 mm height adjustable feet.

Main Features

- Exclusive IcyHot installation: combine the gas PowerGrill HP top or the gas Fry Top HP 1200 mm with the dual temperature refrigerated/freezer base HP and obtain a single appliance which simultaneously increases productivity and facilitates cooking and storage operations.
- Unit delivered with 50 mm height adjustable feet in Stainless steel.
- Adjustable temperature range from refrigerated to freezer mode (-20°C to 10 °C) to suit meat, fish and dairy storage requirements.
- Two drawers to accept 1 GN2/1 containers each (maximum height 100mm) or imperial-size pans.
- Heavy-duty stainless steel tubular drawer handles.
- Easy to remove drawer guides feature safety stop and are capable of sustaining up to 120kg.
- Removable magnetic snap-in drawer gaskets.
- Perforated top surface and bottom plate allow for a better air circulation.
- Forced air circulation for rapid cooling and an even temperature distribution.
- Front panel in stainless steel with built-in stainless steel wire netting can be easily removed to access components and facilitate cleaning.

Construction

- Environmentally friendly: R452a as refrigerant gas.
- Constructed in Stainless steel with Scotch Brite finish to meet the highest hygiene standards.
- Built-in compressor to suit operating conditions.
