CB1 BAR BLENDER

Bar Blender

Beverage Series

Unparalleled Performance

Engineered and designed to reduce blending time, it saves on labor costs while delivering a superior mouth feel in blended drinks. This versatile machine blends cocktails, smoothies and iced coffee drinks with ease and consistency. Making blended drinks at the bar is a breeze.

Best in Class

Industry leading, powerful 4.0 Horsepower input motor*, combined with the Wildside®+ Jar, and Blendtec's patented blunt blade technology, increases blending power while reducing blend times to provide a smoother blend.

Built for the Bar

Controls are simplified to save time and are ergonomically optimized. The start/stop and pulse functions are combined in to a single switch. Variable-speed controls provide flexibility for drink customization. Controls are inset and sealed on a twenty degree angled panel to avoid liquid ingress and for control protection.
