Mobile Cooler Cart

Heavy duty mobile cooler cart built for high-capacity storage and transport in demanding backroom and refrigerated environments. Constructed with an all welded aluminum frame for strength and durability.

Features:

- All welded heavy duty aluminum construction
- (2) tubular shelves
- Overall size 25" D x 63" W x 71" H
- 3000 lb. load capacity
- (2) 6" x 2" phenolic swivel casters
- (2) 6" x 2" rigid plate casters

Options:

- Locking Casters

Benefits:

- Supports heavy product loads with a 3000 lb. capacity (maximum for equally distributed static load capacity)
- Provides long service life in cooler environments with welded aluminum construction
- Moves smoothly through backrooms and aisles with swivel and rigid caster combination
- Maintains stability during transport with fixed rear casters
- Offers added control and positioning with optional locking casters
- Meets sanitation standards required for foodservice operations with NSF certification
