

NE-1037

NE-1027 & NE-1037 | RELIABLE HEAVY DUTY MICROWAVES

The compact NE-1027 and 1037 are reliable professional microwaves for quick defrosting, heating and cooking. With a durable stainless steel housing and cooking chamber, they ensure longevity. They provide fast, efficient cooking, while several wattage levels (up to 1000 W) offer flexibility. Simple to use with manual and touch control, meeting the demands of busy kitchen environments.

Microwave
1000W

Advanced Technology, Exceptional Results: Because
Every Meal Matters.

NE-1027 Manual Specifications

Power Source	50Hz, single phase 230-240 V
Required Power	6.6A 1490 W
Frequency	2450 MHz
Outer Dimensions	510x360x306mm
Oven Dimensions	330x330x200mm
Output	High 1000 W
	Medium 500 W
	Simmer 100 W
	Defrost 340 W
	Stand 0 W
Net Weight	17.8 kg
Timer	30 min
Cubic Capacity	22 litres (0.78 cu. ft)
Power Supply	13 amp

- Fully variable power levels from 100W – 1000W
- Timer dial control
- Power dial control
- Stainless steel cavity and casing
