Models

- GTXHP60

Model GTXHP60

Standard Features

- Stainless steel construction for all outer panels and burner box
- Removable stainless steel splatter guard
- Heavy-duty removable cast-iron grates
- Four energy efficient burners with cast-iron caps
- Each burner is independently controlled, with a power switch to turn the flame on/off and a knob to adjust height of the flame
- Each burner has complete flame-failure protection
- 4 burners each rated at 27,000 BTU's
- Each unit supplied with gas appliance regulator
- ¾" rear gas inlet with option for straight or right angle connection (right angle connection allows back of unit to be pushed flush against the wall).
- Heavy duty ceramics line the burner box to:
 - Vaporize oils/fats, eliminating the need for a grease collection tray and making clean up easy
 - Radiate heat back to the cook surface for excellent temperature evenness
- Electrode guard to protect ignitor
- 6ft power cord with NEMA 5-15P plug

Options

- Stainless steel stand with casters
- Stainless steel stand with adjustable feet
- Slow cook shelf
- NOTE: Broiler may be required to be silicone sealed onto non-combustible surfaces to meet NSF agency approvals

Included Accessories

- 2-in-1 Cleaning brush/grate scraper
- Ignitor cleaning roll

Specifications

- Garland Extra-High Performance (XHP) Charbroiler, Model GTXHP60
- Total BTU/hr rating of 108,000
- Cooking surface is 56.04" width x 21.69" depth (1,423 mm width x 551 mm depth)
- XHP comes with flame failure
