Blizzard

NEW FLAT GLASS TWO/THREE TIER HEATED MOBILE DISPLAY MERCHANDISER

Description

Custom solutions that are both budget friendly and excellent value are hard to come by, but the NEW HFG range from Blizzard opens the serving solutions doorway in a way never seen in the Blizzard line up!

Offering a heated display option that suites perfectly with the RFG range of serve over merchandisers these fantastic units can be easily dropped into your location with the addition of work tops, front cladding and cabinets for a custom solution on a budget, and thanks to their rear vented design you won't need to worry about the ventilation either!

Features

- Stainless steel construction
- Flat double glazed glass structure
- 2/3 Adjustable glass shelves included as standard (dependant on model)
- Under lit LED shelves
- Included pricing strips
- Rear double sliding glass door
- 4 Low profile castors (2 braked)
- Rear vented (perfect for built in solutions)
- Digital temperature controller
