MODEL: BZ38/040							
SIZE: Width: 400mm Depth: 560mm to splashback 475mm worktop depth Height: 850mm to worktop							
M.E.P REQUIREMENTS:				SPECIFICATION			
PLUMBING :				Bartender stainless steel modules are designed to create a versatile underbar system. The modules are simple to design and install and can be easily reconfigured. Bartender modules offer great flexibility for any size or shape of bar and special units can be made on request. Bartender worktops are 304 brushed stainless steel and feature a unique raised front profile or “bull-nose” to reduce the risk of drips and spillage of liquids onto the serving area. BZ38/040 is a glass storage unit with pressed drainer top, 3 wire shelves and 4 levels; capacity is 200 x 60cl glasses per metre.
