Steel Stocking & Marking Cart

Built to handle the demands of daily stocking and material transport, this durable steel cart combines a 400 lb. capacity with a practical two-shelf design for dependable performance throughout commercial and warehouse environments.

Features:

- 400 lb. capacity
- Powder coated silver steel construction
- Wire mesh top shelf
- Tubular bottom shelf
- Push handle for maneuverability
- Welded steel construction
- (2) 5" rubber rigid plate casters
- (2) 5" rubber swivel casters

Benefits:

- Supports loads up to 400 lbs. for stocking and material transport
- Compact footprint fits easily into warehouse aisles, stockrooms, and work areas
- Ergonomic push handle offers comfortable cart control
- Welded steel construction delivers long lasting durability
- Rigid and swivel caster combination supports both maneuverability and directional control
