

Slim-Line Vertical Contact Toaster

Product # 297

Prince Castle's Slim-Line Bun Toaster provides perfect caramelization by contact toasting. The 297-Series toasters put versatility in your kitchen and use less counter space.

A unique two-level platen design allows operators to toast thicker bun crowns and thinner bun heels at the same time. A self-adjusting chain assembly provides proper tensioning and helps prevent binding.

Model 297-T9 toasts up to 2200 buns per hour, Model 297-T12P toasts up to 2000 buns per hour, Model 297-T20 toasts up to 1400 buns per hour, and Model 297-T40 toasts up to 720 buns per hour. Stainless-steel construction makes the 297-Series toaster durable and easy-to-clean.

All Prince Castle Slim-Line Toasters include a release sheet kit consisting of a stainless-steel clamp and two non-stick release sheets to protect against bun sticking. These sheets are used one at a time over the platen to protect the toasting surface, to eliminate bun sticking and to keep the toaster clean and working properly.

Product Features

- Delivers higher speeds and temperature while maintaining proven reliable design.
- Stronger motor and higher temperature platen increases performance.
- Unique two-level platen design allows operators to toast thicker bun crowns and thinner bun heels at the same time.
- Adjustable bun crush controls and thermostat allow precise toasting for various bread products.
- Compact design requires only 8" (20.3 cm) of counter space depth.
- 9, 12, 20 and 40 second toasting models are available.
- Re-designed conveyor assembly improves reliability.
- Easy to clean and maintain.
- Adjustable thermostat or precise toasting.
- One-year parts and labor warranty.
