

Utility Stock Truck

Aluminum two-tier Stock Truck provides an easy and comfortable means of transporting bins, boxes and other supplies around your facility. Two shelves allow you to move product at a convenient and ergonomic top shelf work height of 30 inches.

Aluminum construction allows these mobile units to be used for stocking and produce operations in any atmosphere. With a slim width of 21" and an ergonomic-friendly handle, these carts work great for stocking in narrow aisles.

- Framework is constructed of 1¼" x 1½" x .070" wall tubing and 1½" x 1½" x .070" wall tubing.
- Sheet top is constructed of .080" aluminum sheet.
- Handle is constructed of 1½" diameter pipe.
- Equipped with four 5" plate type swivel casters.
- One-Year Guarantee against workmanship and material defects.
- Lifetime Guarantee against rust and corrosion.
