

Ice Machine Cleaner

Ice Machine Cleaner keeps ice machines running smoothly and efficiently. Fast and economical removal of mineral deposits from all commercial ice machines. Regular use minimizes service calls and improves ice maker performance and quality of ice. Safe to use on nickel, stainless steel, chrome, plastic, and fiberglass surfaces. Use to remove mineral scale from steam tables and other food service equipment.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Use in well-ventilated areas on acid-safe surfaces. Do not mix with ammonia or bleach. Wear appropriate PPE. Do NOT use full strength.

Recommended use dilution: 3-6 oz. of Ice Machine Cleaner per gallon of water. Increase dilution as needed. Follow recommended cleaning procedures for each piece of equipment being cleaned.

FAST FACTS
