### GRIDDLE PADS

Ideal for light griddle cleaning and polishing. When used alone on a warm griddle, this pad will do light cleaning and polish the griddle surface to bring back the shine. A Griddle Pad must be used when using a Griddle Screen and Holder. The pad allows particles from the griddle to soak up through the screen and prevents the screen from clogging.

Item #	Size	Pack Case	Case Weight	Case Cube
<b>GP46</b>	4" x 5 1/4"	6/10	2.85 lbs.	0.560
<b>GP46/20</b>	4" x 5 1/4"	1/20	1.15 lbs.	0.260

Use with GP10/20 & GSH482

### GRIDDLE SCREENS

Use Griddle Screens for those times when you do not need to clean a heavily charred griddle or for use after cleaning with a Grill Brick. For more effective cleaning, use the Griddle Screen with a Griddle Pad. Griddle should be 212°F or less. The pad allows the particles from the griddle to soak up through the Griddle Screen and will help keep the screen from clogging. Choose any of our Griddle Pad Holders to protect hands from grease and burns. **Griddle Screens measure 4" x 5 1/2"**
