## Aluminum XTRA Heavy Duty Rack

This Xtra Heavy Duty Aluminum Storage & Transport Rack is designed for storing and transporting heavy products throughout prep areas, backrooms, and coolers. Its all welded aluminum construction and optional stainless steel drip pan provide strength, durability, and easy maintenance in demanding foodservice environments.

### Features:

- Constructed of all welded aluminum with 1" square extrusion
- Runners are made of 1" x 1.5" aluminum extrusion
- 7 <sup>3</sup>/<sub>5</sub>" Runner spacing
- Holds (8) standard 18" x 26" trays
- Load capacity of 30 lb. per runner
- Lower stainless steel drip pan with two handles helps capture liquids
- Equipped with 5" swivel polyurethane plate casters for mobility

### Options:

- Lower stainless steel drip pan with two handles helps capture liquids

### Benefits:

- Provides a heavy-duty solution for storage and transport applications
- Optional removable drip pan design allows for easier handling and cleaning
- Maneuvers easily through prep areas, backrooms, and cooler environments
- Durable welded construction stands up to daily commercial use
- Suitable for restaurants, supermarkets and food production facilities requiring heavy-duty rack storage and transport equipment.
