## Chef LED Light Bulbs

Models: CLED-2700-120, -3000-120, -4000-120  
 CLED-2700-230, -3000-230, -4000-230

Commit to going green in your foodservice operation with Hatco's patented Chef LED Light Bulbs. Heat strengthened glass lens protects the Light Emitting Diode (LED) while the exterior is made of rugged aluminum and prevents breakage of the components due to incidental contact in a busy kitchen environment. A Chef LED Bulb has substantial benefits and energy savings over other bulbs and are directional, so you can adjust it to your ideal setting.

### Standard features

- Designed to operate in high temperature areas for use in most Hatco Strip Heaters and HL Display Lights
- Unique design allows operation over a steam table
- Illuminates instantly and can be rotated to showcase food product below
- Average of 184% increased light output, based on Foot Candle average delivered to surface from a height of 12" (305 mm) vs. 40 watt incandescent bulb
- Up to 91% energy savings vs. 40 watt incandescent bulb
- CLED-2700-xxx and CLED-3000-xxx project a warm light; CLED-4000-xxx projects a cool light
- 120V or 230V (50-60 Hz)
- Warranted for one year
