Nitro Blending System® (NBS)

Beverage Series

Jarless Blending, The Forefront of Innovation

Why waste ingredients when you can have amazingly proportioned drinks and smoothies blended right in the cup you give your customer? The Nitro Blending System® minimizes waste, saves time, and increases your profit margin. **Each Stealth® Nitro comes with two micronizers and two cup stands – two wingtip blade micronizers for pulverizing ingredients into silky-smooth single-serve drinks, or two frothing blade micrconizers – perfect for whipping, frothing or emulsifying milks and creams for coffee and other beverages.**

Create a Conversation-Friendly Atmosphere

The Stealth® Nitro includes a sleek sound enclosure and proprietary airflow innovations that enable operation at the sound level of a normal conversation.

NBS® Rings

Every unit comes with four standard rings that fit 12 oz., 16 oz., 24 oz., and 32 oz. SOLO* cups. Engineered to create a vacuum seal, each ring fits perfectly with its designated cup. Don't use SOLO cups for your business? No problem. The Blendtec® team is standing by, ready to make custom rings that fit almost any plastic or metal cup from 12-32 oz.

Built To Save Time And Money

All Blendtec® blenders are built to meet the unique needs of the commercial customer. Each feature - from top to bottom - delivers simple operation and is designed to reduce overall cost.

NBS® Rings for Multiple Cup Sizes

Frothing Micronizer
