Bartender stainless steel modules are designed to create a versatile underbar system. The modules are simple to design and install and can be easily reconfigured. Bartender modules offer great flexibility for any size or shape of bar and special units can be made on request.

Bartender worktops are 304 brushed stainless steel and feature a unique raised front profile or “bull-nose” to reduce the risk of drips and spillage of liquids onto the serving area. BZ64/040 is a drawer unit with plain worktop and 3 lockable drawers.

ACCESSORIES:

BB02/208 leg frame to be added at the end of each Bartender “run”

OTHER:

Manufactured to ISO9001
