RackStar® 66

RackStar® 66

Rack Conveyor Dishwasher

Standard Features

- WISR® cleaning system
- Built-in booster heater 70 °F (38.9 °C) rise
- 22" pre-wash
- Self-cleaning wash arms
- Adjustable rinse system
  - Econo uses 0.38 gallons per rack
  - Turbo uses 0.65 gallons per rack
- Rainbow Rinse™ with arched rinse arm design
- Automatic tank fill
- Digital LED display
- Delime cycle
- 19 3/4" (502 mm) vertical chamber clearance
- Adjustable vent cowl collars
- Exclusive EnergyGuard™ controls
- Hinged doors provide large front access for ease of cleaning and maintenance
- Double-wall insulated doors retain heat, keeping the wash water hot and generating less heat in the dishroom
- Stainless steel strainer pans
- Splash shields
- Strike plate table limit switch
- Self-draining stainless steel wash pump
- Vent fan control shuts vent fan off when machine is idle
- Stainless steel front dress panel
- Durable stainless steel construction

Options & Accessories

- 460V Electrical
- Higher than Standard Hood (25")
- Single Phase
- Single Point Connection with Onboard Booster
- Steam Booster Heater
- No Booster Option[1]
- Drain Water Tempering Kit[2]
- Water Hammer Arrestor
- Pressure Regulator
- Flanged Feet
- Security Package
- Scaltrol
- Replacement Cartridge for Scaltrol
- 36-Compartment Rack
  - 4-1/8" tall (105 mm)
  - 5-5/8" tall (143 mm)
  - 7" tall (178 mm)
- Combination Rack
- Peg Rack
- Sheet Pan Rack

Specification Statement

Specified unit will be a Jackson RackStar 66 high temperature sanitizing rack conveyor dishwasher, rated by ETL Sanitation to NSF/ANSI Standard 3. Unit will be ENERGY STAR® certified. Unit will be a 44" single tank unit with a 22" pre-wash. Unit to be rated for 224 racks per hour, with adjustable rinse system featuring Econo Rinse using 0.38 gallons per rack and Turbo Rinse using 0.65 gallons per rack. Unit includes WISR® cleaning system with self-cleaning wash arms, Rainbow Rinse™ with arched rinse arm design, and built-in 24kW 70°F rise booster heater. Features include digital LED display, EnergyGuard™ controls, 19¾" vertical chamber clearance, automatic tank fill, hinged double-wall insulated doors, self-draining 3.0 HP stainless steel wash pump motor, and vent fan control. Constructed of durable stainless steel with available flanged feet option.

1-year parts and labor warranty.

Intertek Intertek ENERGY STAR AQ

[1]*RackStar 66 ordered without booster heater is not ENERGY STAR® certified*

[2]*Requires separate electrical connection*

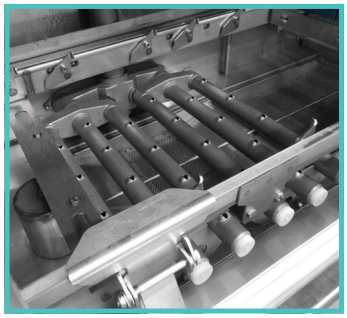

Less Water. Jackson maintains one of the lowest water usages in the conveyor class with the RackStar. The RackStar delivers superior results, using only 0.38 gallons of water per rack.

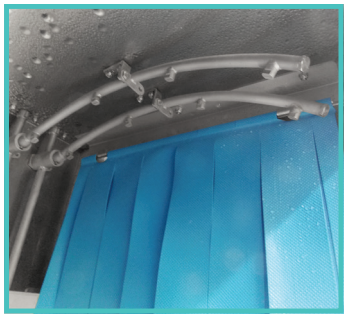

Less Chemicals. Lowering water usage also reduces the amount of chemicals required in each cycle, saving the operator on chemical costs. The RackStar provides one-pass cleaning, which also minimizes chemical usage by getting the ware *Clean the First Time*®.

Less Energy. By using less water, the RackStar utilizes smaller tank and booster heaters, which lowers overall energy costs for years to come. In addition, the insulated doors retain heat, keeping wash water hot and generating less heat in the dish room.

PRODUCT	RACKS/HOUR	GALLONS/RACK	GALLONS/HOUR	BOOSTER HEATER 70 °F
Brand H	202	0.45	91	18kW
Brand C	209	0.48	100	21kW
Brand S	223	0.65	145	24kW
RackStar	224	0.38	85	24kW

Dual Pawl Bar
provides easier access to scrap baskets and better balance to the rack as it is conveyed through the machine.

Adjustable Rinse
Econo Rinse uses only 0.38 gallons per rack and is suitable for normal operations. Turbo Rinse uses 0.65 gallons per rack and is ideal for heavier soiled loads.

Hinged Doors
provide easy access into the wash chamber for cleaning and maintenance.

Digital LED Controls
are easy to read and feature an LED display that communicates temperature, status, and cycle selection.
