

WASTE COLLECTION

RECEPTACLES, LIDS & ACCESSORIES

A] HUSKEE™ BACKSAVER

This receptacle is everything the standard Huskee Round is, and more! Internal vent ribs, which break the vacuum caused when removing a poly liner, were incorporated into the design, making it the easiest receptacle to use. Compatible with the Huskee Round Dolly, Caddy Bag, Maid Caddy, 44 gallon Huskee Round Lids.

44 Gallon Rim Dimension: 24" Diameter

| Item # | Size | Dimensions | Color | Case Pack |
|--------|---------|-------------|-------|-----------|
| 4410GY | 44 gal. | 27" x 31" H | Grey | 3 |

Built-in Huskee Bag Cinch eliminates the need to tie knots in the poly liner to keep it secured around the receptacle rim!

BackSaver IS SAFER BECAUSE OF VENTS!

The National Safety Council puts the total cost of work injuries at \$121 billion annually, and the cost per disabling injury at \$26,000, and growing. Back injuries are 20% of all claims. The Huskee BackSaver uses internal, ergonomic lift vents to break the vacuum created when removing a poly liner, resulting in reduced effort and reduced risk of back injury.
