

## MOUNTAIN SERIES OVEN MANTLES

# Wood Stone

### MOUNTAIN SERIES - OVEN MANTLES

The Oven Mantle extends the working surface at the doorway of the oven, providing a staging area for dishes going into the oven or a holding area for cooked items awaiting service.

Two mantle types are available through Wood Stone: stainless steel (S/S) or black granite.

Mantle brackets are available with a stainless steel (S/S) or powder coat finish. Both types come complete with all the necessary hardware for mounting.

Another alternative is to supply your own appropriate mantle stone, utilizing either the stainless steel or powder coat mantle bracket.

If you're planning to build your oven into a facade wall, please visit the Facade Tutorials section on the Wood Stone website.

WS-MS-5-RFG-IR model with stainless steel Mantle and stainless steel Mantle Bracket shown.
