The Smart Ergonomic Choice For Maneuvering In Confined Spaces

- Durable U-frame unitized, electronically welded angle leg construction
- One-piece ergonomic push handle
- 700 lb. (320 kg.) load capacity
- 18-gauge stainless steel reinforced shelves
- Corner bumpers on front legs protect furnishings
- Sound deadening panels under shelves reduce vibrations and noise
- 5" swivel non-marking casters

Specifications

Unit shall be of fully welded stainless steel construction. Legs and frame shall be of U-frame design, eliminating the need for corner reinforcements. Leg/frame shall be .120 x 1" x 1" angle stainless steel. Shelves shall be of 18-gauge stainless steel and shall be welded to vertical leg frames. Shelves shall be double hemmed on all four edges for extra rigidity. One-piece tubular stainless steel ergonomic handle is shipped unassembled. Unit shall have two each 6" (152 mm) vertical bumpers riveted to front legs. Unit shall have four each 5" (127 mm) diameter extra-load swivel casters with 1-1/4" (32 mm) wide non-marking polyurethane wheels. Casters shall be plate type and shall be bolted to an 18-gauge 5" (127 mm) wide stainless steel cross member with a galvanized reinforcement.
