

LIGURIA TABLE-TOP PASTA COOKER

COMPACT AND EFFICIENT

Simple and effective power adjustment thanks to the pulse regulator. The heating power can therefore be continuously adapted, even when the water is already boiling.

Its strong heating power in a compact volume enables fast heating.

	3 Phase	1 Phase
Capacity (litres)	20	20
Dimensions (mm)		
Length	344	344
Depth	575	575
Height	315	315
