STAINLESS STEEL WALL FLASHING

Stainless Steel Wall Flashing

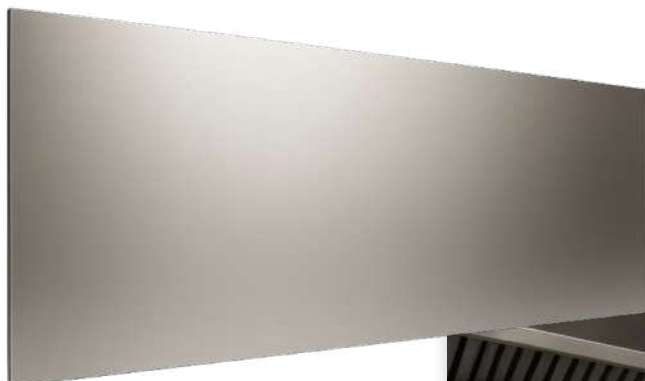

Upgrade your kitchen with stainless steel wall flashing. Sanitary and easy to clean panels reduce maintenance. Perfect as a backsplash for Winholt custom tables and sinks.

Features:

- 18 Gauge stainless steel
- 1/2" Deep panels
- Optional dividers used to connect panels
- Optional end caps provide a finished look
- Inside and outside corner seams allow run of panels to align across walls
- Corner wall caps that prevent damage to walls from transport carts

Benefits:

- 300 Series stainless steel with a 3B reflective finish - these panels have a sleek, professional and modern look that enhances any workspace
- Long-lasting performance in high-use environments
- Integrate with other Winholt stainless steel solutions
- Options to configurate, allowing for panels to extend across entire rooms beautifully
- Optional end and corner caps act as a protective guard for exposed edges, preventing damage and moisture from seeping in
