Model: NTDDRSS Light Duty Keg Cooler
 Single door, single tap, fan assisted cooling

General Information

NTDDRSS Keg Cooler: Economical Draught Beer Solution for Compact Spaces - Stainless Steel Finish

Expand your beverage offerings without breaking the bank or needing extensive space! The NTDDRSS Keg Cooler, finished in a versatile neutral stainless steel, is specifically designed as a cost-effective, light-duty solution for businesses wanting to serve perfectly chilled draught beer. It's ideal for cafes, small bars, function rooms, or mobile setups where space is at a premium.

Affordable Draught Beer Service: This cooler provides an economical entry point to serving draught beer. Its 'A' energy rating ensures low running costs, contributing positively to your bottom line while offering customers a premium product.

Perfect for Light Commercial Use: Designed for reliability in less demanding environments, it features fan-assisted cooling and an electronic thermostat with digital display for precise temperature control, ensuring your beer is always served at the perfect temperature. It holds one standard 11-gallon (50L) keg and includes a professional insulated beer column and tap, plus the common S-type Sankey keg coupler to get you started quickly.

Compact & Convenient: Its neutral stainless steel exterior and compact design are focused on fitting into tighter spots. The unit efficiently chills a single keg, making it a practical choice where traditional cellar cooling isn't feasible. Adjustable feet aid installation on uneven surfaces.

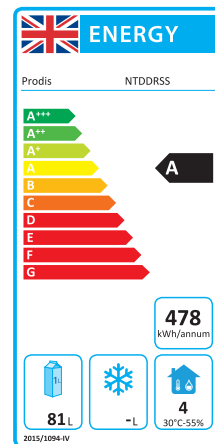

Key Features

Standard Features

- > Light duty design
- > Holds 1 x 11 gallon, 50 litre keg
- > White ABS interior
- > Galvanised floor protector
- > Electronic thermostat
- > Digital temperature display
- > Fan assisted cooling
- > Insulated beer column with cold air feed
- > Adjustable feet
- > S-type Sankey keg coupler

Energy Rating

Technical Data

Model	NTDDRSS
Capacity	81 Litres
External Dimensions	Width = 600 Depth = 600 Height = 850 / 1180*
Interior Finish	ABS / Galvanised floor protector
Exterior Finish	Stainless steel
Doors	1
Door Construction	Stainless steel exterior, ABS interior
Self closing door	×
Locks	(1)
Capacity	1 x 11 gallon keg
Temperature control	Digital
Temperature control position	External
Temperature range	+2° to +8°C
Power	160w
Refrigerant	R600a
Refrigerant Charge	35g
Evaporator style	Rollbond
Fan Assisted	✓
Condenser style	Back Hanging
Fan assisted condenser	×
Energy rating	A
kWh/24hr	1.31

*height including beer column
