DESCRIPTION :

- Unit conceived for installation against wall.

- Inner floor of the grill protected by refractory brick to insulate and concentrate the heat and improve efficiency.
- Sinks in the tank for easy withdrawal of the ashes.
- Includes an ash collection drawer by grill.
- Each grill has a lower zone with door (without shelf or rack), designed for housing a charcoal trolley (optional) or another trolley of the premises.

- Unit clad in stainless steel down to the floor.
- Back cover to hide the guide system and give an easier-to-clean finish. Includes grill guide, system of counterweights and fixed top grill.

- Cooking grill height-adjustable by crank at front, making it possible to cook at different intensities to achieve the perfect cooking point. Includes counterweight to soften the adjustment action.
- Grill with large dimensions for greater versatility.
