- One year parts and 90 day labor standard warranty

Options & Accessories

- Stainless steel back
- Stainless steel end
- Laminate back
- Laminate end
- Casters

Specifications

Top is constructed of stainless steel, with integral front marine edge nosing and rear backsplash. Spline bars are made of stainless steel and run front to back on both the left and right stainless steel sides for support and spline purposes. Two pieces of C-channel are welded and glued with construction adhesive to the under side of the top for strength and sound deadening. As a standard, cutting board brackets are attached to each side and house a 1.25" thick x 9.5" deep maple cutting board.

Base is constructed of stainless steel sides. One bottom shelf constructed of stainless steel with double hemmed nosing is spot welded between the sides and braced for extra support.

Unit is supported with two leg rails that run the entire length of the unit. Leg rails are welded to the bottom side of the unit and are tied together with two braces running front to back. Caster/leg boxes are welded inside the leg rail and 6.12" adjustable legs are mounted as standard with (4) 5/16" bolts.

Specifications

Model	Number of Shelves	Shelf Ft ²	Model Length	Ship Weight
F170S36	1	5.95	36.00" / 91cm	200lbs/ 91kg
F170S48	1	8.00	48.00" / 122cm	250lbs/ 113kg
F170S60	1	10.15	60.00" / 152cm	300lbs/ 136kg
F170S72	1	12.25	72.00" / 183cm	350lbs/ 159kg
F170S84	1	14.36	84.00" / 213cm	400lbs/ 181kg
F170S96	1	16.46	96.00" / 244cm	475lbs/ 215kg
