The Hatco Glo-Ray® Pizza Warmers are perfect for holding boxed or bagged pizza and other wrapped food product at any convenient self-serve or quick-serve area. Choose from base heat only in single, dual, triple and quadruple shelf models, with any combination of three widths and two depths. All models are constructed of aluminum and stainless steel with tempered glass side panels (no glass side panels on single shelf models), hardcoated aluminum shelves and legs.

Standard features

- All models have thermostatically-controlled base heat in each heat zone to maintain optimum serving temperatures
- A separate On/Off switch and temperature control for each shelf allows for holding a variety of pizzas or other food products
- Standard box stop doubles as a sign holder (excluding base only models) (signs not included)
- Optional warm white LED lighting available for dual and triple shelf models available; standard coated shatter-resistant incandescent lights on quadruple shelf models
- NSF require units over 36" (914 mm) in width or weighing more than 80 lbs. (36 kg) to be either sealed, or raised on the installation surface with the 4" (102 mm) legs included
