

Precision Plus™ & Precision Tongs

The Precision Plus™ tongs are designed with less tension for more precise control. Tongs allow assembly of meticulous compositions quickly with consistency to look the same every time. Multiple styles and sizes are available for almost any application.

Straight

Versatile design can be used in a variety of applications.

M35137

M35136

Flat Oval

Ends sit flush when closed to keep larger foods intact during transfer or placement. Open end design allows liquids to pass through and provides more grip.
