- Specify type of gas and altitude if over 2000 feet.
- Please specify gas type when ordering.

NMFCCODE 25970-2 Class. 85

*Shipping weight includes packaging and is approximate.

Installation

- **Combustible wall clearance**
For use only on non-combustible floors. Legs or casters are required, or 2" (51) overhang is required when curb mounted. Clearance from non-combustible walls is 0". When unit is placed next to combustible walls, clearances must exceed 12" (305) from sides, and 4" (102) from rear. Radiant broilers for non-combustible locations only.
- **Commercial cooking equipment requires an adequate ventilation system.** For additional information, refer to the National Fire Protection Association's standard.
- **NFPA96 "Vapor Removal from Cooking Equipment."** (NOTE: For North America only)

American Range is a quality manufacturer of commercial cooking equipment.

Because of continuing product improvements, these specifications are subject to change without prior notice.
