BUILT TO PERFORM. CRAFTED TO LAST.®

SE42HCSAG: Designed to enhance the refrigerated storage or display experience to the highest standards of quality and performance.

Refrigeration:

- Self contained Cassette® forced-air refrigeration employs R290 hydrocarbon Natural Refrigerant within a sealed capillary tube system.
- Cassette® refrigeration is bottom-mounted and removable from the front for ease of maintenance. Refrigeration may be exchanged or upgraded without mechanic. Designed to operate at a set point between 34°F to 39°F (1°C - 4°C).
- Priority, directed air flow provides optimum cooling and energy efficiency within cabinet and exclusively at front of unit for optimized heat exchange ventilation.
- Finess, Free&Clear™ Condenser Coil maximizes air-flow over the compressor, reduces energy consumption and is non-clogging.
- Corrosion resistant coated evaporator coil.
- Automatic, stainless steel condensate control system.
- Peak performance with EC motors designed for energy savings and superior performance.
- Equipped with ProducTemp™ Energy Efficient Digital Controller featuring visual/audible product protection alarm.
- Controls refrigeration and displays according to simulated average product temperature to a display resolution of 1°C.

Cabinet:

- Exterior – stainless steel front and sides.
- Stainless Steel Interior with Coved corners stands up to rigours of everyday wear and tear.
- Ergonomic raised interior floor.
- Space Saving Design – air ventilation exclusively from the front of unit.
- Insulation – cabinet and solid doors are foamed-in-place with eco-conscious, polyurethane insulation.
- 5" Swivel Caster Kit Included.

Doors:

- Stainless steel with large grip, durable, injection molded external door handle(s).
- Easy-glide, suspended sliding doors; has nylon tired bearing rollers, insulated door track, and magnetic sliding door seals.
- Low E-Door glass.
- Optional door lock available.

Lighting:

- LED Interior lighting with switch.

Storage:

- Six (6) white coated shelves 21 1/4"W x 20 1/2"D (540mm x 521mm), are NSF approved.
- Heavy duty aluminum shelving pilasters will not peel or chip adjustment of 1/2" (13mm) increments.
- NSF-7 compliant for storage and display of open food product.

Electrical:

- Factory power cord installed for connection to a sole-use (dedicated) 115V/60Hz/1-Phase, 15 Amp circuit.
