

Transport Large Loads With Ease

Carlisle's new tilt trucks provide efficient, industrial strength construction enabling transportation of loads up to 1,200 lbs. Our tilt trucks are easily maneuverable by one person and we offer a hinged lid to cover waste or materials when stored.

Improved Maneuverability

- Lightweight, durable, rotationally molded design improves maneuverability
- Smooth inner and outer surface makes cleaning easy
- Non-marking, swivel casters allow for easy transportation
- 5/8 Yard easily fits through standard doorways and elevators
- Made with more than 70% post consumer recycled material
- Meets EPA recommended recovered materials content levels for office recycling containers and waste receptacles and is perfect for specifying on school and government agency bids
- Powder coated, steel wheel frame
