

200 Series Plywood Table – Hospitality Grade

The top choice for durability, safety, and affordability from the market leader in plywood tables – Palmer Snyder

- Superior Corner & Edge Protection
 - Exclusive “C” Channel wrapped metal edges dramatically reduce corner and edge repair and maintenance costs. Smooth aluminum finish will not snag linens or injure workers
- “Safety Plus” Leg System
 - Leg locks that don’t collapse
 - Easy open/close gravity locks eliminate worries about improper setup and worn-out latch mechanisms
- “Super Finish” Polycoated Tops
 - Beautiful, shiny, and durable UV finish on top and bottom enhances beauty of table and provides superior moisture protection. Blonde/clear-coat option will not show through linens.
- “No Warp Promise”
 - Polyurethane protected plywood supported by hardwood runners eliminates warped and sagging tabletops & edges
- “Space Saver” - Non Sequential Folding Legs
 - Simple to open/close
 - Safe to operate
 - Saves 30% or more storage space on round tables
- Thicker Steel = Stronger Legs & Frame – Stronger than our competitors!
 - 16 gauge, 1” diameter, wishbone style legs
 - 8 gauge bracing stock
 - 360° hand welds
- 5 Year Warranty on the most heavy duty, longest lasting folding table for the Hospitality Industry.
