

SEAGATE

PIZZA PREP PIZZA PREPARATION TABLES

SEAGATE refrigerated counter/prep tables were designed to deliver quality and performance at an affordable price. The pizza prep series is excellent for storing & prepping pizza and sandwich food products.

Toppings, sauces and cheeses stay fresh thanks to the robust refrigeration system that keeps temperatures cold and consistent. The digital controller/display makes maintaining tight temperature ranges easier and allows for adjusting refrigeration cycles if needed.

All units are equipped with one adjustable shelf per door and a heavy duty 14.9" deep cutting board.

The solid hinged door has a recessed handle for quick easy access and will hold open at 90° for easier stocking. The easy-to-clean stainless steel interior and exterior has anti-corrosive properties that make maintenance easier, too.

SEAGATE, it means a great deal.

STANDARD FEATURES

- Electronic thermostat and an easy-to-read digital LED temperature display for optimal accuracy
- 90 degree hold open door for easier stocking
- 14.9" deep cutting board included
