

Rapide Cuisine® Countertop High-Powered/Heavy-Duty Dual Induction Ranges

Models: IRNG-PC2S-29, -36 IRNG-PC2F-29, -36

Hatco's patent-pending Rapide Cuisine® High-Powered/ Heavy-Duty Dual Induction Ranges offer industry-leading features and true back-of-house power in a commercial kitchen proof package. These are dual units that are configured either front-to-back or side-to-side to optimize your countertop footprint.

The unit features our Magnetic Power System (MPS) to deliver the highest power in its class! It has User Programmable Presets (UPP) for repeat menu items and a food temperature dual probe for more accurate cooking, plus a timer, high resolution color display and convenient power and temperature modes.

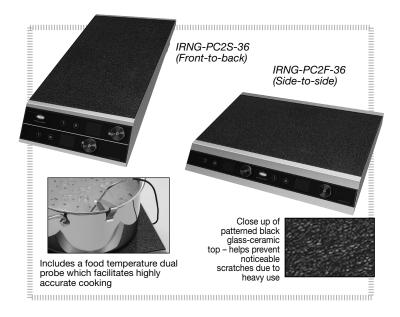

Standard features:

- Heavy gauge stainless steel housing with side impact protection for the top
- Eight surface temperature sensors (four sensors per heating element) offer the most accurate control in its class
- Culinary equivalent of up to 31,000 BTUs gas per burner
- High resolution TFT (thin film transistor) display instantly advises the operator of precise power (1 to 100), temperature (°F or °C in one degree increments) and time control (30 seconds to 10 hours)
- 3-stage programming mode so the operator can create preset programs for consistent and labor-saving cooking cycles
- Includes a grease filter and intake plus exhaust fans
- A fully sealed 6 mm glass-ceramic top with conformal coated boards keeps pan heat, moisture and grease away from internal electronics
- Elegant, low-profile design is one of the lowest on the market
- Pan Sense Technology (PST) activates the unit only when a suitable pan is placed on top
- Withstands high ambient kitchen temperatures (up to 124°F/51°C)
- USB ports for downloading updates or adding Modes from our website
