Heated Well Covers

Models: 1COVFUL
2COVFUL

The Hatco Heated Well Covers establish versatility for hot food bars by converting our Modular/Ganged Heated Wells or Modular/Ganged Slim Heated Wells into heated shelves. The Heated Well Covers are designed to sit on top of the modular unit – with accessory food pans removed for the most efficiency - to create a heated space for operators to hold prepackaged, preheated foods at safe-serving temperatures for self-serve purposes.

Standard features

- Must be operated in dry mode
- Sturdy stainless steel frame and simulated stone inset
- Available with your choice of three simulated stone surfaces
- Heated well covers for the Modular/Ganged Heated Wells and Modular/Ganged Slim Heated Wells (Choose the number of heated well covers for your appropriate pan size in either 1 or 2-pan sizes
