

HEATER-PROOFER

INSULATED, ALUMINUM

NEMA 5-15P plug

See website
for details

Standard Features, Benefits & Options

CONSTRUCTION: Rugged all welded aluminum channel construction for strength and durability. Insulated for heat retention. Heavy 5" x 1¼" casters with precision bearing PU wheels for easy maneuverability. The front 2 casters feature breaks to secure cabinets in place. Pan capacity is 36 each, 18" x 26" sheet pans. Corner bumpers help protect the proofer box and other objects.

CONTROLS: An exterior control panel with "Proof" mode regulates humidity from 30% to 95% & temperatures up to 115°F. "Heat" mode controls temperatures up to 185° F with an LED display thermometer. A blower fan distributes air evenly throughout the cabinet. NEMA 5-15P plug.

DOOR: The door frame is constructed of durable extruded aluminum, powder coated for an attractive matching finish. The clear, field-reversible Lexan door allows for easy visibility, The door lifts off for easy cleaning. Door magnets and gaskets are installed inside the door frame for a snug seal.

TESTING: ETL Design & ETL Sanitation (ANSI-NSF4) certified.
