

Job _____ Item No. _____

THE CLOSER SANDWICH PRESS MODEL ☐ 9B-SCXXX

DESCRIPTION

The Closer is designed to be a reliable and consistent solution for high-volume cooking. The electronic controls and timer, combined with the aluminum castings and flat heating elements, provide superior consistency and uniformity. The durable overall design is made to offer years of maintenance-free service.

SPECIFICATIONS

The Closer is built in the U.S.A. with a corrosion-resistant stainless steel body. Units will be supplied with electronic controls and timer. Units will utilize aluminum plates with circular elements that make full, flat contact with the back surface of the plate. The handle for the top will be a heat-resistant, nickel-plated coil design. The knurled knob on the top of the unit will provide ease of changing the center plate to add and remove logo and plates. The units will be available in 120V or 208/240V versions. The units will be supplied with a 4-foot (1.22 m) cord with the appropriately rated NEMA plug.

WARRANTY

These units come with a one [1] year warranty for parts and labor.

FEATURES

- Programmable electronic controls and timer for simple, consistent cooking
- Energy efficient cast aluminum platens
- Real time temperature display readout
- Audible end-of-bake cycle alarm
- Handle is nickel-plated steel with an open-coil design and heat-resistant coating.
- Stainless steel top, front, and sides.
- Durable stainless steel hinge with heavy-duty bearing/bushing.

OPTIONS & ACCESSORIES

- Platen Shape : ☐ Square ☐ Round (for 5" buns)
Platen Count : ☐ Single ☐ Double
Optional : ☐ Custom Plate Logo (Round Platens only)
