

FriFri Precision 311 Electric Drop in Single Tank Fryer - W 300mm

FriFri Precision for the chef who wants superb temperature control for consistently excellent results.

Precision is the fryer of choice.

- ✓ Electronic temperature control and powerful elements maintains oil to within +/- 1°C of the temperature selected, reducing oil usage and ensuring your food always has that all-important crunch.
- ✓ With one cooking programme, perfect for when you want to cook the same product time after time, to the same exacting standards.
- ✓ Digital timer displays the count down, with a buzzer sounding at the end of the cook cycle.
- ✓ Temperature view shows current oil temperature, enabling you to make an informed decision as to when to start cooking.
- ✓ Are there more fries than last time? Adaptive cooking automatically adjusts the cooking times to suit your batch size ensuring you never serve undercooked food.
- ✓ Keeping your oil in peak condition! Optional xFri® filters the oil at the push of a button and returns oil to the tank. Filter the oil safely, even while it's still hot, mid service if necessary, and resume frying in minutes – so easy there is no excuse not to!
- ✓ Extend oil life by up to 75% with the integral oil filtration system, saving you money on oil purchase and disposal costs.
- ✓ Raising food to the next level. Perfect for kitchens where you don't have time for constant supervision, optional LiftFri® automatic basket lifting system lifts food at the end of the cycle to prevent overcooking.
- ✓ Pressed tank for strength and durability. Radiused corners for easy cleaning. Hinged elements with two tilt positions for draining and cleaning.
- ✓ Fat melt cycle gently pulses to melt solid fats.
