

UPRIGHT SOLID DOOR FISH REFRIGERATOR WITH TRAYS

Description

The BR1SS-FISH is a well needed addition to the Blizzard storage refrigeration line up and adds another arm in the specialist refrigeration offering from Pentland.

An excellent use of the already popular BR/BF range design utilises its high grade 304 stainless steel build, high quality durable castors and self-closing reversible door with dwell position in conjunction with all new features perfect for storing fish in its 7 included trays as standard.

Features

- High grade 304 stainless steel
- Internal corners rounded to aid cleaning
- Comes as standard with 7 fish trays
- 60mm thick insulation
- Lock fitted as standard
- Suitable for fish storage
- LED lighting
- Self closing door(s) with dwell position
