

SDH84

STAINLESS STEEL SELF CONTAINED ICE MAKERS

Description

When choosing the perfect size ice machine is a priority there's no better option than the Simag SDH range. With sizing of up to 215kg per 24 hours you can be sure your ice production needs will be covered. Plus added extras such as low power and water consumption, built in cleaning system and high grade 441 stainless steel bodywork. **Please note the SDE range is currently in transition to a new hydrocarbon model (SDH). Contact sales for more info.**

Features

- High grade 441 stainless steel bodywork
- Air cooled
- Vertical pump
- Main switch on/off
- Built in cleaning system
- Easily accessible components
- Low power and water consumption
- Optimum ratio between ice product & bin capacity
