

Commercial Juice Presses

The finest line of commercial juice presses available in the market. Nothing tastes like fresh squeezed juice. Whether it is a glass of orange juice or lime juice for a refreshing margarita, Focus juice presses produce the sweetest juice possible-free of bitter skin oils. No worries about durability, as these units were designed to withstand the rigors of commercial foodservice operations.

Biggest & Best

Olympus™ Extra Large Juice Presses

Our patented design allows for maximum pressure with minimal effort. Large opening between base legs allow for larger containers to be used for juice collection for a more efficient operation. Wide base design creates greater stability. 18-8 stainless steel perforated strainer cone and funnel cup remove for easy cleaning. Rubberized handle stop provides quiet operation.

- Constructed from ultra-strong and durable cast iron
- Enamel finish resists citrus acids, pitting & corrosion
- Sure-grip rubber handles are ergonomic, easy to hold and use
- Rubber suction cup feet for safe operation
- 1 year warranty - Please follow our use and care instructions for safe operation and longer product life

Large and in Charge!
