

- Quantanium Coating
- 12" (300mm) Blade
- 0.35hp Motor
- Unique safety blade removal tool
- No volt release switch
- 280 x 165 mm Cut capacity
- D x W x H cm 490 x 550 x 400
- Weight 29 kg
- 230v / 0.25kw
- 13 amp plug fitted

The CQS300SBR-QT Quantanium™, strengthened with Titanium has a very high resistance to abrasion, corrosion and the chemical aggression of detergents and acid. Meat slides smoothly and frictionless: a lot less effort and a more accurate cut. Cleaning is much easier due to the non-stick coating.
