Short Spec

Evolution™ steamer is AccuTemp Products' gas, connectionless, boiler-free steamer that utilizes AccuTemp's patented Steam Vector Technology™ for faster cook times, improved energy efficiency, better pan to pan uniformity, and less water consumption. Steam Vector Technology utilizes no moving parts inside the cooking chamber. Steam is produced inside the cooking cavity with no heating components exposed to water. Certified holding cabinet. Steamer is powered by a heavy duty stainless steel power burner. Uses less than 1 gallon of water per hour. Steamer includes low water, high water, over-temp warning lights, and auto shut off feature. Evolution includes heavy duty, one-piece field reversible door. Standard digital controls with independent timer. No water quality exclusions to warranty and no water filtration or treatment required. Lifetime Service & Support Guarantee. Steamer is UL Safety and Sanitation Certified, and ENERGY STAR® qualified. Made in the USA.

N6 Evolution™ model shown with optional bullet feet and drain pan
